Subject: Possum Point: Industrial Stormwater Outfalls
Attachments: PP 2015 10-22 VPDES Permit Modification Request-Addendum 2015 Oct 21.pdf

Susan,

Attached is an electronic copy of an addendum to our application for modification of Possum Point Power Station's VPDES permit. This addendum is for inclusion of two stormwater outfalls S107 and S108. Note that S107 refers to the same S107 that we've included in other recent submittals. S108 refers to a new outfall that receives drainage from an area south of Pond E near the construction entrance.

Please call me should you have any question about this transmittal.

Thanks,

Ken Roller
